

**DATE:** December 1, 2007  
**FROM:** Bill Oeters, President  
**SUBJECT:** News Release – New Galaxy China Presence

---

For Immediate Release –

## **Galaxy Associates, Inc. Achieves Sales and Service Representation in China**

Galaxy Associates, Inc., a Cincinnati-based supplier of specialty chemical products to a variety of industries, is pleased to announce additional global capabilities.

Many companies are setting up manufacturing operations in China. Quite a few of our customers have either moved operations to China or partnered with other parties there. We have been fortunate to follow these customers to this new frontier.

For Galaxy to expand our support of North American and global customers it is time to invest in China with full-time staff. Galaxy has now established a legal entity and office in Shanghai.

I am pleased to announce the hiring of Adam Li, effective December 1, 2007, to be the Galaxy General Manager in China. Adam will be based in Shanghai but will support customers throughout China. Adam comes to us with over eighteen years of experience in sales and customer service. He spent the last eight years working in the specialty chemical industry. He will report to Tim Scarbrough.

Please contact Adam at his email address, [ali@galaxy-associates.com](mailto:ali@galaxy-associates.com), Tim Scarbrough at 615-618-1436 or myself at 513-731-6352 for further information.
